

20th ANNIVERSARY MEMORIAL BRICK

As we mark The National Civil War Museum's 20th anniversary we remember that at our inception, we were designed to serve as a center for the unbiased presentation of the American Civil War. Since opening in February 2001, the Museum has hosted upwards of 950,000 visitors, while preserving over 35,000 artifacts, photos and documents and telling the stories of the soldiers, civilians, men, women and children whose lives were impacted forever by the American Civil War.

You can memorialize your commitment to our mission by placing a 20th Anniversary brick in our *Friends Walkway*.

The 12" by 12" limestone gray brick is the largest memorial brick we have offered to date. It will bear a special anniversary logo and three lines of personalized text with 22 characters/spaces per line.

**The cost is \$200 per brick and is 100% tax deductible.
